PROFILE

2nd year BS Information Technology student at Eastern Samar State University with hands-on customer service experience in data entry and document processing. Comfortable working with Excel formulas, sorting and filtering large datasets, and maintaining clean, accurate records. Looking for internship or entry-level opportunities in data handling, spreadsheets, or IT support.

EXPERIENCE

Customer Service Representative

2023 – Feb 2026

[Company or organization name]

- Handled client data entry and document processing for a high volume of daily records.
- Built and maintained Excel formulas to automate recurring calculations and reporting.
- Sorted and filtered large datasets to support accurate, up-to-date client records.
- Performed regular data cleaning to catch and correct errors before records were finalized.
